

Our Mission:

- Inspire Hope
- Empower People
- Strengthen Communities

Our Core Values:

- We promote equality and personal choice leading towards self-directed lives.
- We use language that promotes dignity and respect for all people.
- We are guided by the goals, needs, and desires of people we serve.
- We promote and protect the rights of people served as they seek to achieve their personal life outcomes.
- We lead with integrity, accountability, and transparency.
- We strengthen our community by identifying needs and implementing innovative solutions.
- We collaborate in shared purpose with individuals served, staff, service providers, and the community.

Our Vision:

OCHN will be a national leader in the delivery of quality integrated physical and mental health supports and services to children and adults with developmental disabilities, mental illnesses and substance use disorders. We respond to our community's needs and empower people to achieve the lives that are important to them.

OCHN does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. Free interpreter services are available. If special accommodations are needed to inquire about services, please contact 248-858-1210.

WOMEN'S SPECIALTY PROGRAMS

Developmental Disabilities
Mental Health • Substance Recovery

What are Women's SUD Specialty Programs?

These programs understand the unique substance use and recovery needs of women, women who have experienced trauma, pregnant women, and women with children. Pregnant and Parenting women are a priority for admission to treatment. Clinicians, Recovery Coaches and Case Managers provide services to promote success and enhance the individual's recovery journey.

The program is available to individuals who have no insurance, underinsured, have Medicaid or Healthy Michigan Plan and for all levels of care (Withdrawal Management, Residential, Intensive Outpatient, and Outpatient).

Programming includes:

- Referral, resources, and coordination for pre-natal care - or ensured access to prenatal care
- Referral, resources, and coordination for Immunizations for both mother and existing children
- Transportation
- Childcare for any existing children
- Family Support
- Parenting Classes
- Behavioral health services for children
- Full array of behavioral health services for pregnant women and women with children.
 - Case Management (Linkage to WIC and other ancillary services)
 - Individual, group. and family therapy
 - Peer recovery coach services
- Existing children can accompany mothers to residential treatment

Program Types

CLEARVIEW-RESIDENTIAL:

Sacred Heart Clearview is an all female program to allow the needs of women to be addressed without distractions. The withdrawal management program is medically managed, so it is safe for women and pregnant women. This residential program addresses the unique needs of women, women with children, and pregnant women in a safe, comfortable and trusting environment. Curriculum and programming are set to focus on needs specific to women, pregnant women and women with children including space/care for children while the mother attends programming.

PROJECT RECOVERY INTENSIVE SERVICES FOR MOTHERS (PRISM):

Oakland Family Services' PRISM program is a comprehensive and intensive substance use program designed to assist mothers and pregnant women in the development and maintenance of a substance-free lifestyle. Engagement in this programs equips women with the necessary skills, education, and resources needed to generate healthy and rewarding relationships with their children.

- **ENHANCED TREATMENT SERVICES:** Oakland Family Services PRISM program can include Enhanced Treatment Services. The program is the coordination of wrap-around services to support pregnant and parenting women with a substance use disorder (SUD) including opioid dependence. The program is designed to eliminate as many potential barriers as possible to maximize a woman's chances for successful recovery. Care is delivered in a collaborative, non-punitive, therapeutic manner that aims to support women who seek treatment and focuses on the best interests of the woman.
