

## PROGRAM BENEFITS

Many children with severe impairments may not be able to eat, walk, dress or talk on their own. They often have both mental and physical impairments and need around-the-clock care. Families that include children with severe disabilities have many expenses other families do not.

Uses for the subsidy might be the purchase of additional therapies, special equipment, special food, diapers, transportation costs, in-home specialized care, respite care, family counseling, support groups, general household expenses, family recreation and home remodeling to provide for the special needs of the child.

This list is not all-inclusive. A unique feature of the subsidy is that the family decides its use to suit their needs.

## PAYMENTS

Payments are just over \$300 per month. They are the same for all families and are issued near the end of each month.

Families of children presently placed out of the home may contact their CMHSP to discuss possibilities for being reunited. The subsidy program allows parents a one-time advance payment equal to a two-month amount. This payment helps the family prepare for the child's homecoming. Parents are eligible for this one-time payment if the child's placement outside the home has been more than one year and the family has received help from this program in the past.

## INFORMATION

CMHSPs can provide additional information on the Family Support Subsidy Program. Questions or requests for applications should be directed to your local CMHSP.

## Family Support Subsidy Program

**M**ichigan has a program to help families who care for their children with severe disabilities at home. The Family Support Subsidy Program can pay for special expenses the family has while caring for their child with severe disabilities. This financial support may help prevent or delay placements outside the home. In other cases, the program may provide the funds necessary to allow children to return from placements outside the home.

Supporting families in this way allows them to stay together. It gives them flexibility in purchasing special services and saves money by avoiding or reducing the need for more costly placements outside the home.

## ADMINISTRATION

The Michigan Legislature passed the Family Support Subsidy Act in 1983. The Michigan Department of Health and Human Services and the Community Mental Health Service Providers administer and implement the act.

## WHO IS ELIGIBLE?

Families may be eligible for this program if they have a child under 18 years old who has been identified by Michigan's public school system as having an educational eligibility category of:

- **Cognitive impairment (CI).**
- **Severe multiple impairment (SXI) or**
- **Autism spectrum disorder (ASD).**

Children with an eligibility category of CI may be eligible if their development is in the severe range of functioning as determined by the public school system.

Children with ASD must be receiving special education services in a program designed for students with autism or in a program designed for students with severe cognitive impairment or severe multiple impairments. Children who attend Applied Behavior Analysis (ABA) centers do not qualify for this program.

In cases in which the child is not receiving special education services or if it is not known if the child is receiving special education services, parents may contact the director of special education at the local or intermediate school district. They can also contact Early On® at 1-800-EarlyOn or at [eoreferral@edzone.net](mailto:eoreferral@edzone.net).

Families can be headed by birth parents, adoptive parents or legal guardians. Foster parents who are also legal guardians are not eligible.

Under the law, the Michigan taxable income for the family may not exceed \$60,000. In addition, the family cannot receive reimbursement from the Medical Subsidy Program for Adoptive Children if they choose to apply for the Family Support Subsidy.

## HOW TO APPLY

You can get and turn in applications for the subsidy program at local offices of Michigan's CMHSPs. Your local CMHSP determines eligibility for this program.

CMHSPs are listed in most telephone books or you can find contact information online at [www.macmhb.org](http://www.macmhb.org) (click on "Looking for Services"). If you cannot find the number, call the Family Support Subsidy office in Lansing at 517-241-5774. The TTY number is 711.

You may turn in applications at any time. Renewals are required each year just before or during your child's birth month.

The following papers must be turned in with your application:

- **A copy of the child's legal birth certificate.**
- **Your family's most recently filed Michigan Income Tax Return (MI-1040).**

Providing a copy of the child's social security card is encouraged but not mandated. In addition, you must contact your child's school and request that they send or fax directly to the CMHSP written proof that certifies the child's educational eligibility category and programming if the classification is ASD.
