## OCHN Releases Service Delivery Feedback Survey

**OAKLAND COUNTY, MI (February 12, 2025)** – Oakland Community Health Network’s (OCHN) vision is to be a champion for the empowerment of persons seeking quality integration of physical and mental health supports and services. This includes youth and adults with developmental/intellectual disabilities, mental health concerns, and/or substance use disorders. We listen and respond to our community’s needs, providing support and opportunities for people to lead independent and self-directed lives. To be responsive to our community’s needs, input from persons served, family members, community partners, legislative leaders, network employees, and contracted service providers is essential.

Oakland Community Health  
Network (OCHN) Service Delivery  
Feedback Survey (FY26)

The organization’s service delivery feedback survey is available for Oakland County residents to offer input through **Friday, March 14, 2025**. Information gathered from the survey is being used to identify critical service delivery priorities that are person focused. Your support in this important service planning process is greatly appreciated. The responses received will be used to develop OCHN’s annual plan, as well as uphold the organizations mission to “inspire hope, empower people, and strengthen communities”.

To access this vital community survey, [click here](#), scan the above QR code, or visit [www.oaklandchn.org](http://www.oaklandchn.org) and visit the service delivery feedback survey link in the rotating banner on the home page. A flyer is also linked below for your convenience.

To learn more about OCHN, visit [www.oaklandchn.org](http://www.oaklandchn.org). Non-emergency Access services can be reached at (248) 464-6363. If you or someone you know needs immediate assistance, call or text the Suicide & Crisis Lifeline on 988.

## **About OCHN**

OCHN is contracted by the Michigan Department of Health and Human Services (MDHHS) to manage and fund a service provider network for approximately 30,000 Oakland County residents at more than 400 service sites across the county. People who receive public behavioral health services through OCHN's provider network include those who have an intellectual or developmental disability, mental health concerns, or substance use disorder. Most of these individuals have Medicaid insurance coverage.

OCHN's goal is to ensure these individuals are aware of and have access to services and supports that will improve their health and quality of life, as well as ensure their engagement in full community participation. Its mission to "inspire hope, empower people, and strengthen communities" reflects an unyielding belief in a "Valuable System for Valued People." Programs and supports provided by OCHN's service network are available at [www.oaklandchn.org](http://www.oaklandchn.org).
