OCHN Re-Certified as a Great Place to Work®

OAKLAND COUNTY, MI (October 16, 2024) – Oakland Community Health Network (OCHN) is proud to announce that they have been re-certified as a Great Place to Work®. The Great Place to Work® certification is a globally recognized and research backed verification of great employee experience.

OCHN's employees participated in a two-step process that included surveys and a short questionnaire about their workforce. At the heart of the Great Place to Work® methodology lies the Trust Index™, a rigorously developed employee survey that has become the global standard for quantifying the return on investment of workplace culture, leadership impact, and measuring the employee experience. OCHN's overall rating was 82%. For more information on the Great Place to Work® certification, click [here](#).

Because employee feedback and independent analysis determine certification scores, this certification helps job seekers identify which companies genuinely offer a great company culture. As Oakland County's public behavioral health system, OCHN employs over 250 full and part-time employees and is committed to building a diverse team and fostering an inclusive and equitable culture. We are proud to be an equal opportunity employer that embraces and encourages our employees' differences. To view OCHN's Great Place to Work® company profile, click [here](#).

About OCHN

OCHN is contracted by the Michigan Department of Health and Human Services (MDHHS) to lead a provider service network and manage care for approximately 29,000 Oakland County residents at more than 400 service sites across the county. People who receive public behavioral health services through OCHN's provider network include those who have an intellectual or developmental disability, mental health concerns, or substance use disorder. Most of these individuals have Medicaid insurance coverage.

OCHN's goal is to ensure these individuals are aware of and have access to services and supports that will improve their health and quality of life, as well as ensure their engagement in full community participation. Its mission to "inspire hope, empower people, and strengthen communities" reflects an unyielding belief in a "Valuable System for Valued People." Programs and supports provided by OCHN's service network are available at www.oaklandchn.org.
