OCHN Receives Full Compliance on State Rights Assessment

OAKLAND COUNTY, MI (November 22, 2024) – Oakland Community Health Network (OCHN) receives FULL COMPLIANCE for their Recipient Rights state assessment. The Michigan Department of Health and Human Services Office of Recipient Rights (MDHHS ORR) evaluation occurred last month at the OCHN administrative offices in Troy. The assessment outlines rigorous standards in accordance with the MDHHS Community Mental Health Services Program certification and Mental Health Code. OCHN met these requirements and was recognized as an organization that implements a valued system to promote the rights of individuals served.

This positive result confirms OCHN's commitment to the community and the people receiving services. To learn more about OCHN, including its Rights and Advocacy initiatives, visit www.oaklandchn.org. Contact OCHN for non-emergency access at 248-464-6363. The Suicide & Crisis Lifeline can be reached at 988.

About OCHN

OCHN is contracted by the Michigan Department of Health and Human Services (MDHHS) to lead a provider service network and manage care for approximately 29,000 Oakland County residents at more than 400 service sites across the county. People who receive public behavioral health services through OCHN's provider network include those who have an intellectual or developmental disability, mental health concerns, or substance use disorder. Most of these individuals have Medicaid insurance coverage.

OCHN's goal is to ensure these individuals are aware of and have access to services and supports that will improve their health and quality of life, as well as ensure their engagement in full community participation. Its mission to "inspire hope, empower people, and strengthen communities" reflects an unyielding belief in a "Valuable System for Valued People." Programs and supports provided by OCHN's service network are available at www.oaklandchn.org.
