Assisted Outpatient Treatment: Practical Guidance for Providers and Stakeholders

Enhance your understanding and application of Assisted Outpatient Treatment (AOT). Learn the AOT requirements, explore the stages of change and their impact on engagement and treatment, and discuss how AOT is applied in practice through real-world collaboration and service delivery. Attendees will gain practical knowledge, strategies for supporting individuals on an AOT order, and a deeper understanding of the role AOT plays in promoting recovery and community stability.

Who should attend?
